## Davis Bacon Construction Solicitation Notification

**Bechtel Savannah River Incorporated** announces the following construction subcontract solicitation to be issued under Prime Contract DE-AC09-96SR18500 with the **U.S. Department of Energy**.

**Solicitation No. QB00368K**

**Title:** A-AREA REMEDIATION

**Proposal Due Date & Time:** Issued 2/21/01  
Proposal Due Date: 2:00 p.m. 03/22/01

Description: Furnish and install a groundwater and soil Remediation system to remove volatile organic compounds (VOCs) from the A-Area Burning/Rubble Pits and install a protective soil cover. The environmental technology consists of a clean soil cover and an active air sparging system in conjunction with a passive soil-vapor extraction system., Site work includes earthwork, clearing & grubbing, and topographic survey. Mechanical work includes underground and above ground piping, and fabrication and installation of well heads. Electrical work includes installation of underground 13.8kV distribution cable, 13.8kV, 480V, 240/120V, and 208Y/120V-distribution system, area lighting and grounding supports.

**Notice** In order to be awarded this order you must be able to provide Performance and Payment Bonds, Insurance in the required limits, and be able to demonstrate relevant experience in the work listed above. Successful proposer will be required to become signatory to a project agreement as a condition of award of any resulting subcontract. In order to be considered for award, the proposer must have performance as follows: A three year average Interstate Experience Modification Rate (EMR) not to exceed 1.00; A three-year average Total Recordable Case rate (TRC) but to exceed 9.5 per 200,000 man-hours.

**Estimated Price Range** \$1,000,000 to \$5,000,000

**This Proposed Procurement Is Totally Set Aside For** Small Businesses Only

### SIC Code Major Group

16-Heavy Construction Other Than Building Construction - Contractors

**Location:** A-Area
